[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 31.

EASTERN STATES.

Exploring expedition around Cape Horn.

PHILADELPHIA, Oct. 30.—The steamer *Hassler* sails for Boston to-morrow, where Prof. Agassiz's party will be taken on board and start on an exploring expedition around Cape Horn and up the Pacific.

New York News.

NEW YORK, Oct. 30.—The injunction granted by Judge Pratt in the Fisk-Mansfield case, was dissolved to-day. Defendant's attorneys want to use the letters from Fisk to Mansfield in the case commenced against Fisk. The injunction is still in force as to Mansfield. Judge Ingraham, of the Supreme Court, to-day granted an order of arrest for Fisk, in the suit of Mrs. Mansfield against him.

The declination of Wm. L. Swarts to run for the Assembly will be a severe loss to the reform cause. There is no other person who would be so likely to defeat the Tammany candidate.

The final meeting of the Committee of Seventy will be held on Thursday evening, when a report will be submitted.

Respect to the Memory of Thos. Ewing.

WASHINGTON, October 30.—In the Supreme Court to-day, Attorney-General Akerman announced the death of Thomas Ewing, and presented a feeling address and resolutions on behalf of the members of the bar.

Advance in Nails.

NEW YORK, October 30.—The nail manufacturers of the Atlantic States held a Convention in this city on Saturday and decided to-day to advance wholesale prices 15 cents per keg, in consequence of the heavy losses by the Chicago fire.

Resignation of the Governor of Georgia.

ATLANTA, October 30.—Gov. Bullock's resignation takes effect to-day. Benj. Conley, President of the Senate, has been installed as Governor.

Murder in Tennessee.

MEMPHIS, October 30.—Charles Dean, a prominent citizen of Greenwood, Miss., while returning home from the Masonic lodge last week, was shot and killed by unknown assassins, who also fired on Harris Mullin, who was accompanying him, but missed him.

Racing at Baltimore and New York.

BALTIMORE, October 30.—In the race to-day, four mile heats, between Harry Bassett and Helmbold, Bassett won easily in two straight heats; time, 7:34 and 8:02.

NEW YORK, October 30.—At Fleetwood Park to-day the race for $5,000, mile heats, best three in five, between Fullerton and Sea Foam, was won by Fullerton. The Sea Foam was distanced in the second heat; time, 2:27, 2:27½.

Tweed's Tribulation.

NEW YORK, October 30.—This evening it is rumored that Tweed has resigned as a candidate for the State Senate, and also resigned the office of Public Works Superintendent.

Appointment for Utah.

WASHINGTON, October 30.—Col. Wyckler has declined the appointment of U. S. Attorney for Utah, because the Postmaster General refuses to allow him his office of Postal Agent at the same time. Chief Justice McKean has recommended Robert N. Baskin for the appointment.

BY ATLANTIC CABLE.

Aggression of Russia.

NEW YORK, Oct. 30.—A correspondent of the London *Times* writes from Berlin that during June and July the Russian Government invaded and annexed the country of Hungaria on the northern slopes of the Teon Chain Mountains on the Eastern boundaries of the Territory. This territory is twice as large as the island, is a rich mineral and agricultural country and has a population of two millions.

SOUTH AMERICA.

Pestilence in Buenos Ayres.

NEW YORK, Oct. 30.—A letter from Buenos Ayres says there is frightful [illegible] pestilence in that country of small pox. During the past summer 26,000 deaths occurred from yellow fever in Buenos Ayres, and 30,000 deaths in the Province of Corrientes.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, October 31.—In the matter of the will of the late Horace Hawes, contested by his widow, Judge Wright ordered a hearing on the 15th day of November next, when the following points, agreed upon by counsel, will be tried: 1st, Was the said Horace Hawes deceased in a sound and disposing mind at the time of execution? 2d. Was the said will signed by Horace Hawes, or by any person in his presence, and by his express direction? 3d. Was the said alleged will signed by said Horace Hawes, attested as required by law? 4th. Was the said alleged will signed by said Horace Hawes, and did he sign freely and without restriction, influence or fraudulent misrepresentation? Owing to the deceased having been so well known in this community, and the heavy interests involved, the case is watched with great interest by everybody.

The relief at finding that the delay in the arrival of the overland train last night was owing only to a smash up at Auburn, involving no loss of life, was very general in this city.

In the matter of the death of Mrs. Lane, supposed to be murdered by her husband, who is now in the insane asylum, the coroner's jury found a verdict that death was caused from an accidental fall.

Fate of the "Chicago Republican."

The Cincinnati *Commercial* has the following regarding the owner of the Chicago *Republican*, consumed in the great fire:

J. B. McCullough ("Mack") lost $25,000, invested in the *Republican*, and $15,000 cash in the Traders' Bank. The office was insured for $45,000, but how much of any of these sums will be recovered remains to be seen. The contents of their safe—ledgers, subscription lists and insurance policies—were charred to indistinguishable cinders. Henry Reed had a tin box in the safe containing some silverware, and several hundred dollars in gold coin, all of which was completely melted and run together. Reed has determined to leave Chicago permanently. "Mack" is undecided as to his future course, as his partners seem discouraged on the subject of further investments. He says he worked up the *Republican* to a paying point, the edition that was burned containing nearly a thousand dollars worth of city advertising. The city owes the *Republican* six thousand dollars, and the owners had recently sold their job-room for $22,500. The man who bought it lost all in the fire, and, like his sureties, can't pay a cent, and the notes he gave are burnt up anyhow. The Traders' Bank, in which Mack had his $15,000 cash, loaned its capital to Chicago merchants, and they are bankrupted. This is a sample of the accumulative losses that have overtaken so many thousands of the industrious and enterprising business men of Chicago, literally compelling them to return to the point where a living is made by one's wits. Mack lost his large and choice private library, which he had insured for fifteen hundred dollars. He tells of one fluid individual who carried the coffined remains of his father, recently deceased, to the lake, where he anchored them securely until after the fire. And he also points out the difference between Theodore Thomas' sagacious fiddlers and Nero by explaining that one fiddled while Rome burned, and the others roamed while their fiddles burned.

It is stated that there is hardly a man in Corsica who would not gladly give his last drop of blood for the advancement of any person bearing the name of Bonaparte. The Corsicans still reverence the name of the First Napoleon, whom they speak of as our Godlike fellow-countryman, and the greatest of all Corsican heroes.

OREGON.

The Salem Mills now pay $1 20 for wheat.

Baldwin Sille, one of the earliest settlers in Rogue river valley, died a few days ago, at the age of seventy-two.

W. B. Clarke, of Douglas county, will remove his large sawmill from Cole's Valley to Winchester, on the North Umpqua.

A new coal mine has been opened on Coos Bay on the northeast side, opposite North Bend, which will soon begin to deliver coal to vessels.

The Jacksonville *Sentinel* growls because people out there patronize itinerating shows so much, instead of using their money for better purposes.

Josephine county has no lawyer and but one doctor in it. The Hon. Isaac Cox, the statesman, farmer and pedagogue, has left the county, and now it has no leader.

The grand jury of Douglas county refused to find an Indictment against the Cole Brothers of the *Ensign*, who were held to answer for assault on Wm. Thompson of the *Plaindealer*. The case was dismissed, with a fine of $100 upon each. Their difficulty with Mr. Thompson had sodden, previously been composed, all the parties acting with magnanimity.

The Jacksonville *Times* says that the result of frequent lovers' perjuries down there is that young fellows now go a-courting armed with a blank license and a preacher, and as soon as "yes" is said, the name is filled in the blank and the preacher forthwith does his duty, and the girls set their faces as a flint against any wooer who has not his preacher and license with him.

The Yreka *Journal* says: The swamp land troubles in the Klamath lake section of Southeastern Oregon, are likely to result in considerable trouble before long, as the settlers there are determined to maintain their claims in opposition to the swamp land grabbers backed by the Democratic party of that State. Bloodshed will yet occur, if settlers are to be cheated out of rights guaranteed by the Federal Government to preemption claimants.

THE TERRITORIES.

A Territorial Agricultural Society was organized at Olympia a few days since.

Hon. R. S. Greene, Associate Justice of Washington Territory, has been received by immersion into the Baptist Church.

Several persons have been "stumped" on the mud flats in front of Olympia lately. That game was tried many years ago, and failed.

Ira B. Thomas, a gentleman from Herkimer county, New York, has been making large purchases of land at Puget Sound within the last few days.

The Olympia *Transcript* says: The Republican party of Washington Territory, under the leadership of Mr. Garfield, has degenerated into a common party, and the fealty to party ties and obligations is measured by the last.

A first class ghost is the sensation at Port Townsend. Several persons have been surprised by it. To wanders around the liquor shops under the hill. Of course nobody supposes that those who have seen it, had been "taking anything."

The Territorial bonds of Montana have gone to protest. This is not occasioned by want of ability to pay, but by bad faith on the part of the ex-Treasurer, W. G. Barclay. He has been indicted by the grand jury for the embezzlement of the public moneys.

BRITISH COLUMBIA.

Miss Anthony has brought down the wrath of Victoria upon her head by declaring that place to be a city of women whippers.

The whaling brig *Byzantium* was wrecked by striking a reef in Weynton Passage a few days ago. All hands saved.

Now diggings have been discovered on the north fork of Thompson's river, which turn out to be enormously rich.

At an election in Victoria a few days ago, Messrs. DeCosmos and Bunster were elected to the Legislature. The entire vote of the district was 373.

Miss Anthony lectured in Victoria last Monday night to an audience of about seventy-five persons, only two or three of whom were ladies. She was to lecture again last (Tuesday) evening.

The public soup houses sustained by Cincinnati liberality and attended by Cincinnati hands, has been in successful operation in the Western Division of Chicago, where about fifteen hundred men, women and children are now fed daily. Cincinnati has done nobly for Chicago in various ways during the present emergency, but the soup house is the best of all her generous acts.

The tragedy at Los Angeles, resulting in the killing of a white man by Chinese and bloody retaliation by lynching fifteen Chinamen, arose from ill feeling of long standing between two rival Chinese companies. It began in a row between the Chinese in which pistols were freely used, and the whites at first interposed only to stop the fray. But after one of their number was killed they took a bloody revenge.

A Frightful Record.

In the awful fire that swept over a portion of Wisconsin a family named Newberry was destroyed. A correspondent of the Fond du Lac *Commonwealth*, of the 13th October, in writing of this sad affair, says:

A man named May was found three quarters of a mile northwest from his house, his wife about the same distance north, and his little boy, four years old, the same distance northeast. The Newberry families, consisting of seventeen persons were all lost. They lived near each other. They owned a mill and three farms. Old man Newberry was not found. Charles Newberry ran about half a mile and fell, and his two little boys running hand in hand were found a little beyond the father, lying side by side, while his wife and mother were found on the road near a bridge; she, forgetful of her own suffering, tried to save her babe. Her charred hand was pressing the head of her child upon the ground, so that it might not breathe the fire. The child's face was all that was uninjured. One of the Newberrys was found dead in the water under the bridge.

Colonel Lewis W. Washington, another of the nearest blood relations to the Father of his Country, died at Charlestown, West Virginia, recently, in his 59th year. The "blood relations" of the illustrious deceased seem to be increasing of late.

Natural Growth—Plenty of Room.

A southern writer has been studying the lesson of the last census as compared with that of 1860, and comments on the marvellous fact that Kansas City increased its population during the decade from 4,000 to 40,000, and that the value of real estate there has increased in like ratio. Taking the case of Kansas City for an illustration, he proceeds to say that these monstrous growths give no encouragement to the person who thinks of probable consequences. Such growths are due, he asserts, to the "forcing system," by which foreigners are hurried from the East to the West, to the great profit of emigration societies. And by this process the West, he says, is rapidly filling up, and in a few years the opportunities of the children of the natives will be much circumscribed. He prays that the South may be delivered from all such dangers.

This is the feeling that has kept back the development of the Southern States, and the people of that section ought by this time to be cured of it. The fact that a city has grown so rapidly as Kansas City has done, and now has 40,000 inhabitants, ought to be proof enough for anybody that the bulk of the population have some employment. Of course a populous city is impossible, unless there is business on which to base population. When cities grow rapidly it is certain that they possess large business and varied industry. Their growth is a sign that capital is at work and that population has increased by the demand for labor.

The man who comes West if he has a little capital, may locate a homestead and become a proprietor. If he has no capital save his muscle, there is work for him and thousands more. The West is a very hive of labor. Wages are good and living reasonable. As energy and good management are converted into wealth the lucky ones build a city. By and by capital seeks an investment in machinery and the natural advantages of the locality for manufacturing. Thus capital creates a demand for labor, and the influx of people who respond to the demand creates a demand for homes. Thus a city grows, naturally, in accordance with a law of trade. And the only way to check the growth of such a city is to offer greater inducements to capital and labor in some other locality.

The idea that the national domain is in danger of absorption by foreign born people is rather fresh if not altogether original. We have only to reflect that the States of New York, Pennsylvania, and Virginia, among the first settled of all, would easily bear a population five times as large as either now contains, and all anxiety about "our children" will subside. Let Virginia parcel out its waste expanses among actual settlers and she will become not only populous but immensely rich. We are but forty millions, whereas we can find all the land necessary to accommodate the forming portion of a population of 600,000,000. Gentlemen may dismiss their fears for the endowment of the generations to come.

The Swamp Land Outrage.

We print to-day a petition addressed to the Surveyor General of Oregon, by victims of the swamp land swindle, who reside in southeastern Oregon. This document tells its own story in the clearest possible manner. It furnishes more proof of the iniquity of the swamp land act that was put through the last Legislature by land-grabbers and speculators. Members of that body who had previously prepared their papers for filing on large tracts of so-called swamp lands, voted for the act, hastened its approval by the Governor, and at once filed their claims—thus voting for a bill in which they had a direct interest, in violation of the Constitution, and of all decent conduct. There is tremendous excitement in Jackson county in consequence of the action of the land ring. All the lands adjacent to streams and lakes have been claimed by these parties, without regard to the rights of settlers; and lands which were surveyed long ago, and to which the State did not lay claim within the time provided by statute, are filed upon in the same way. Settlers and prior claimants are harassed by these land sharks, who proceed, under color of Democratic legislation, to seize hundreds of thousands of acres of the finest lands in the State. There will be a reckoning with that party at the next election, for this and kindred acts of its last Legislature.

The Democratic organ here speaks of the war and its results as "that which every great statesman must deplore; which every humane man must look upon with sorrow; which every lover of free institutions must regret as a foul blotch upon our otherwise proud history." Just go ahead with these objurgations! One thing is certain, viz: The party that is capable of such utterances will never be entrusted with the destinies of the country. By command of the people, it takes a back seat and stays there.

According to the Boston *Post*, a leading Democratic organ, Chief Justice Chase has been delivering his views on the forlorn condition of the Democratic party. He thinks Democrats will hardly abandon their organization, but believes they could be induced to bring out some man of Republican antecedents for President, with some prospect of success. The Chief Justice, it is evident, is himself resting on that frail hope of becoming President of the United States.

The *Herald* complains that when we notice its articles we do not give at length the "argument" by which it attempts to support its positions. It is not necessary. Most of its positions are so absurd that it is enough to state them, without elaborating in any way. Readers can see from the propositions themselves how ridiculous they are. To expand them would be to make "confusion worse confounded."

It is said that Gov. Grover is getting ready to take the stump in his own behalf for the position of United States Senator, with his old speech on Chinese labor fixed up to meet the requirements of the times. We would suggest an addition to the Governor's speech in behalf of the "laboring man." Let the cry be, "No labor between meals! Free fluids, and no prohibition between drinks!"

Judge McKean, the Utah magistrate, who is giving the Mormons so much trouble, is severely censured by the Sacramento *Union*. That paper pronounces him as "confirmed a bigot as any Mormon he desires to persecute," says that Mormonism was fast dying out, and that this proceeding will give it a new lease of life.

The Swamp Land Swindle.

PROTEST BY CITIZENS OF SOUTHEASTERN OREGON —THE INIQUITY SHOWN UP.

To the Hon. W. H. Odell, Surveyor General of Oregon: The undersigned, your petitioners, citizens of Jackson county, and residents of Link river and the Klamath Lakes country, would respectfully represent that they are farmers and stock raisers, induced to settle in this part of the State on account of the advantages it affords for the latter employment. That rain falls so seldom and in such small quantities, that the land, unless irrigated naturally or artificially, cannot be relied on for crops of grain, grass or vegetables. For this reason, the lands lying low along the margin of the lakes or streams are the only lands of value in the county, and if we are deprived of the use and ownership of them many of our farms are worthless, and we will all suffer great loss and injury.

The Deputy who surveyed this country on the part of the Government, run his section lines to, and established his fractional corners, and run his meander lines along the margin of the low and valuable lands, and not along the bank of the river or lake, along which those lands extend. So that, besides the river on the lake lying between the meander lines, there are large tracts of valuable land called "lake" or "marsh," which is neither—in either the legal or common sense definition of those terms. But there is now here a party surveying the lands between the line of meanders established by the Deputy Surveyor and the lakes and rivers—claiming them as "swamp and overflowed lands," belonging to the State in virtue of an act of Congress granting the swamp and overflowed lands to the State in which they lie, and extended to Oregon and Minnesota on the 20th of March, 1860.

By an iniquitous act of the Legislative Assembly of the State of Oregon, approved October 26, 1870, it is provided that the Swamp lands belonging to this State "shall be sold to the first applicant," thereby cutting off all competition in the purchase of the lands of that description, which is to the pecuniary injury of this State, and does great injustice and injury to those settlers upon and contiguous to the land so claimed as "swamp or overflowed."

The first application for swamp and overflowed lands on the waters of the Klamath lakes and rivers bear even date with the approval of the act of the State Legislature providing for their sale. The principal application is in the name of one A. J. Burnett, a member of the House of Representatives that passed this iniquitous law, and the remainder in the names of speculators, believed to be in collusion with said Burnett. Now since the passage of the law for the sale of those lands was procured by corrupt means—we *know* it is an injury to the State, and will greatly damage the settlers and settlement of this part of the country. The land it will place in the hands of speculators and monopolies is of great extent and great value. Much of this land is neither "swamp nor overflowed" as is proven by the growth upon it—much of it is natural meadow, never being too wet for that purpose; and none of it being too wet to be valuable for pasture lands, and will be purchased for that purpose so soon as it is brought into market.

We therefore pray that you cause the public surveys to be extended over that portion of the lands now meandered as "swamp or lake," and the fractional corners and the meander lines placed upon the actual bank of the river or lake as the case may be, and the land so surveyed brought speedily into market.

And whereas, by the proviso of the 1st section of the act of Congress of the 12th of March, 1860, granting swamp and overflowed lands to Minnesota and Oregon, "swamp and overflowed lands" may be taken up under the pre-emption and homestead laws prior to their cession to the State, we further pray that you cause the surveys asked for to be made speedily and in advance of the cession of the swamps on the Klamath waters to the State; and that you use your influence with the Federal Government to prevent the ceding of any swamps on the Klamath waters to the State until the surveys herein asked for are returned by you to the General Land office.

LINK RIVER, Oct. 2, 1871.

Democrats and Defalcations.

The following timely and appropriate communication appears in the New York *Evening Post* of a recent date:

Samuel J. Tilden, in his speech before the Rochester Convention, after giving a maxim of history and reciting an astronomical problem, proceeds to give the history of the Democratic party from 1812 to 1857, and charges its loss of maiden purity on Republican Lovelaces. His history is inaccurate.

In 1828, when General Jackson was elected, four of the six chief magistrates of the nation had been from Virginia; and the other two, Adams, father and son, from Massachusetts. There had been no defalcations until that of Fourth Auditor Watkins, under John Q. Adams, the amount of whose peculations was about $4,000. When General Jackson was elected this defalcation was discovered, and Watkins was imprisoned. The President, under the influence of New York politicians, Van Buren having been made Secretary of State, introduced the principles of New York Democratic politics, and a partial sweep of the officeholders was made. His friends were selected for places of trust, among them Samuel Swartwout, for Collector of this port. After Van Buren was elected President, Swartwout was removed, and it was then ascertained that he was defaulter to the amount of over $1,000,000. Jesse Hoyt was made Collector. He also proved a defaulter. Wm. M. Price was made the United States District Attorney; he, too, failed to account for the sums intrusted to him. Swartwout and Price left the country. They did not attempt to attend a Democratic Convention as delegates; although their stealings were small compared with those recently discovered in this city. In all parts of the country, particularly in the Southwestern States, defalcations continued to be discovered, until the people, in 1840, swept the Democratic party from power and the opposition took its place.

Some defalcations have been committed by the members of parties opposed to the Democratic party, but in no case have the defaulters been selected as delegates to their political Conventions, as the Democratic thieves were to that recently held in Rochester. In no case have well known defaulters or public swindlers been allowed to dictate terms to any party in this country except the Democratic party.

Ordinance No. 1106.

AN ORDINANCE DEFINING THE DUTIES AND fixing the compensation of the Street Commissioner.

The City of Portland does ordain as follows:

Section 1. The Street Commissioner shall have the general supervision of all streets, roads, sidewalks, pavements, and public grounds in the city of Portland, and shall report from time to time to the Common Council such alterations, repairs, or improvements as may be necessary to the public grounds, or the streets in front of public property, together with the best manner of doing the same.

Section 2. It shall be the duty of the Street Commissioner to superintend the grading, planking and repairing of all streets, alleys, and sidewalks, and all other public improvements of the city, which have been, or may hereafter by ordinance be placed in his charge, or under his supervision.

Section 3. It shall be the duty of the Street Commissioner to remove all obstructions from the streets, alleys, sidewalks, and public grounds of the city, except as otherwise provided by ordinance.

Section 4. It shall be the duty of the Street Commissioner to cause the removal of all nuisances from the streets, alleys, and public grounds, within the limit of the city, and the necessary expense of such removal shall be paid out of the City Treasury, when the person or persons causing or permitting such nuisance cannot be found.

Section 5. The Street Commissioner shall perform such other duties as are or may hereafter be required of him by any ordinance or resolution of the Common Council concerning the streets, sidewalks, and public grounds of the city.

Section 6. He shall further be his duty to see that all ordinances relating to streets are strictly enforced, and to make complaint before the Police Judge of all violations of such ordinances.

Section 7. In all cases where a conviction shall be had before the Police Judge upon complaint of the Street Commissioner, for a violation of any ordinance relating to streets, the Street Commissioner shall receive, as compensation for his trouble, the sum of five (5) dollars, to be taxed as costs against the offender, but in no event shall the city be holden for the same.

Section 8. The Street Commissioner shall receive for his services a yearly salary of fifteen hundred dollars, payable monthly.

Section 9. Ordinance No. 224, entitled "An Ordinance defining the duties and fixing the compensation of the Street Commissioner," and the ordinances amendatory thereto, are hereby repealed.

Passed the Common Council October 25, 1871.

RAIL-ROAD LANDS.

OFFICE OF LAND DEPARTMENT,
OREGON & CALIFORNIA R. R. CO.
AND
European and Oregon Land Co.,
PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant filing in this office a claim in the form prescribed, to-wit:

Pre-emption, date, No. ——.

To the Land Agent of the European and Oregon Land Company:

SIR: You are hereby notified that I have settled upon and improved [description of land] in the county of ——, State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are placed for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided, such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. ——.

This is to certify that ——, of —— county, State of Oregon, has this day filed in this office a pre-emption claim to [description of premises], and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, which is to be made without reference to improvements when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above-described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed)
Land Agent of the R. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual cash value—no fancy or prospective price on the basis of similar lands in the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

CITY.

A FAIR SCHEME.—It has been stated, upon what authority we cannot say, that several wealthy men of this city have signified their willingness to contribute toward the purchase of grounds near this city and to convert it into an agricultural park or fair ground. We have not seen any statement of the precise scheme in contemplation, nor indeed that any scheme has assumed definite form. We take it for granted, however, that there are men here who are willing, or will be when the proper time comes, to put money into an agricultural park scheme or something like it. As we have heard the plan talked of it is something like this: Purchase, say three or four hundred acres of ground near the city, fence it in, lay out and grade a half-mile or mile race track, erect a pavilion, stables, sheds, etc., and otherwise fit the ground for an annual exhibit of stock, farm products, agricultural implements and tools, trials of speed, etc., etc. Some even propose to so improve and beautify the grounds as to make them an habitual place of resort, by city people pleasure seeking. Such an outlay as would be necessary to do all this, would be considerable, of course; but there are several dozen of men here, any three or four of whom could contribute the amount. All past experience proves that an enterprise of this kind should be in hands enough to secure a pretty general interest in its welfare, and yet in not so many as to make the management unwieldy. One of the defects in the State Agricultural Society is in its unwieldy proportions and lack of an executive head. Neither the President nor the Executive Committee can afford the time and expense necessary to secure perfect management, and per consequence, the business goes at loose ends. The old adage applies: "What is everybody's, business is nobody's." The county societies are no better off in this respect. Our people need not hope that they could succeed any better than their neighbors in a similarly organized association. While everybody is having a say in this matter, we trust that it will not be presumptuous to suggest something like a definite and practicable plan. If it should go for nothing, why, as it costs nothing, there will be no harm done. In the first place, avoid a large corporation. Six, eight or ten stockholders, would get along better than fifty or twenty-five. Let a half dozen men incorporate themselves or form a partnership, and purchase say four hundred acres of ground on the east side of the river, within a mile and a half or two miles of this city; lay out a mile race track, and beautify the grounds to such extent as the circumstances may seem to warrant; put up a house where parties driving out can always get first-class refreshments; establish convenient indoor and outdoor games and amusements, and keep the house and grounds in such manner as to make them a resort for the people. Let the same company build in this city a pavilion of such size as will accommodate not only the annual but all intermediate fairs and assemblages of people for public business or amusement. Such a building, if conveniently located, would very soon produce, from rent, a revenue more than sufficient to make it an investment. The company could get up under its own management fairs of whatever nature it might choose, in the pavilion; and grand annual and semi-annual races and cattle fairs at the grounds outside. The track and grounds would naturally be in request for all the races which might be incidentally arranged throughout the year. And thus both the grounds and pavilion would be productive of revenue. We put the whole proposition thus on a business basis because we do not believe it can be made successful except in the hands of a few men who shall undertake it as a business investment, to make money out of it. If it cannot be upon substantially this basis, we have no faith that it can be done at all. Let the men who have money to so invest, now speak.

AN INVENTION IN RAILROAD TRUCKS AND TRACKS.—Capt. Kern, of Kalama, has lately invented what is believed to be an improvement in railroad trucks, a model of which may be seen for a few days at the real estate agency rooms of Russell, Berry & Woodward. In appearance the wheels are like two cones, the two small ends together in the middle. One of them is fast upon the axle and the other revolves upon the axle. They each have the usual running face and flange. The arrangement of one revolving wheel is to avoid the sliding of one of the wheels which is unavoidable on the old plan, while running a curve. It will enable a train to run much shorter curves than are now considered practicable—ten rods being the shortest in use. This curve completes a circle of about 500 feet in diameter. The friction of the flanges against the outer rail and the sliding of the outer wheels upon the rail, constitutes such an impediment to speed as to require a powerful engine to draw a heavy train. Raising curves is also the most dangerous feature in railroading, as the pressure of the trucks against the outside rail tends to carry it out of place and let the trucks off the track. By Mr. Kern's arrangement, nearly all this friction and outward pressure are avoided. The other feature of the invention is a track without ties and of which it would be impossible to throw a rail. It is proposed to lay the rails upon the outer edges of boiler iron bent up in the middle so as to be the counterpart in figure to the wheel cones. A section profile of it is something like an inverted V. It will be readily understood that should the wheels be thrown from the rails, the inverted V, fitting in the counterpart valley between the wheel cones, immediately receives the weight of the wheels and permits them to revolve as before. The tendency of the wheels is all the time to recover the track. The cost of construction has been carefully estimated and found to be about $12,000 per mile for track and iron bed, but as the invention avoids ties, ballast, the necessity of fencing, and renders it impossible for persons or cattle to get on the track (thus avoiding a fruitful cause of accident and expense), it is believed that it would be found a cheaper mode of construction and operating than the old one. It certainly would be in all respects safer. Both the features we have mentioned are worth examination by railroad engineers and builders.

GRAND VOCAL CONCERT.—A grand Vocal Concert will be given at the Odd Fellows Hall, East Portland, on Wednesday evening, Nov. 8, 1871, the proceeds of which will be applied toward purchasing an Organ for the Methodist Episcopal church in East Portland. Some of the best musical talent have volunteered their services for the occasion. Admission, $1; children, 50 cents. Doors open at 7 o'clock. Exercises to commence at 7:30.

AN UNUSUAL NUISANCE.—Leaves have their time to fall, and it's all right. We don't object to their falling whenever they get ready or whenever they can't help it. Neither do we complain that they fall whenever they please, nor that they are twirled wherever the wind listeth. What we do object to is that they are allowed to remain in heaps or in regular spread upon the sidewalks, where they decay and render the walks most exceedingly slippery, disagreeable and unsafe. We know of places where it is almost impossible for pedestrians to keep their perpendicular, on a wet day, all on account of the leaves. Why cannot occupants of lots that have shade trees in front, sweep them off?

PERSONAL.—Judge David Noggle of Idaho, called upon us yesterday, having arrived from Idaho within the last few days. He is on his way to San Francisco, and thence to Elko on the Central Pacific Railroad, where he expects to meet his wife and daughter. The Judge thinks that after awhile he may come down our way to settle.

REAL ESTATE FOR SALE.—Mr. A. B. Richardson will sell at auction to-day a tract of five acres, situated in Tibbett's addition to East Portland. It has a comfortable house on it and a large spring of pure water, and is said to be advantageously located. A chance for a bargain.

To-day is All Saints Day and will be observed by all devout members of the Catholic Church. To-morrow will be All-Souls Day.

The next steamer is expected to bring a large Burdett organ for the Catholic Cathedral in this city.

The *Herald* reporter prays for a "lingual duel" between Mrs. J. B. Frost and Miss Susan B. Anthony. Very naughty.

Another up-country girl was found here the other day in very improper female company. She was captured by the police but released again because she said her papa sent for.

LADIES' RELIEF MEETING.—The call of the meeting to devise measures for the relief of the sufferers in Wisconsin and Michigan, was responded to by a large number of our ladies, yesterday. Mrs. A. L. Lindsley presided. A committee was chosen for each ward of the city to solicit serviceable clothing for women and children. Contributions may be also sent to the following ladies:

Mrs. J. B. Congle, corner of Sixth and Taylor streets.

Mrs. J. H. Mitchell, corner of Sixth and Clay streets.

Mrs. J. L. Atkinson, corner of Third and Clay streets.

Mrs. Hiram Smith, corner of Tenth and Stark streets.

Mrs. Dr. Hatch, on Fourth, between D and E streets.

Mrs. J. W. Peters, on Eighth, between D and E streets.

Contributions of money can be sent to Mrs. D. W. Williams, corner of Park and Yamhill streets. The meeting adjourned to meet on Tuesday, November 7th, at half past three o'clock, at the basement of the Presbyterian Church.

DISADVANTAGEOUS DELAY.—The ship *Bristolian* is still reported in the Columbia river, with cargo incomplete. Capt. Middleton has been for some time anxious to get away, but finds himself delayed from day to day by the non-arrival of the wheat to fill his ship. In short, grow! as he will, he has to wait the slow motions of others who seem to be waiting for something to turn up. He likes Portland, likes the people, the country and its products, but, try as he will, he finds he cannot like the way he has to wait for his cargo. The steamers and barges won't come to time. The company to which the *Bristolian* belongs owns over fifty vessels. Capt. Middleton will be expected to report on Portland, as to its advantages as a port with which to establish shipping connections. He is prepared to say to the owners that Portland is a smart and growing place; that the State is capable of great production; that the port charges, including pilotage and towage, are less than those of San Francisco, etc., but he feels that he will have to report long and unnecessary delay in getting his outward cargo. Does anybody see the point?

RAILROAD MATERIAL.—The bark *Alice Grahame*, which arrived Saturday night, brought a cargo of 848 tons of railroad material, consisting of 3,605 bars of iron, 740 bundles of fish bars, and 28 boxes of bolts and nuts. The vessel was landed at the new dock below the Boneyard, where the cargo is to be discharged for the Oregon Central Railroad. The wharf is, however, so high that it would be inconvenient and slow work to land the cargo on it, and a temporary platform is in course of creation, with which a side track will communicate, below the dock. The vessel will commence discharging to-day.

SHIPPING.—The bark *Live Yankee* is nearly loaded at the East side dock—with wheat and flour. The bark *E. W. Almy* was towed down the river yesterday. She had on board 350 tons wheat, and will take 150 tons salmon at one of the Columbia river fisheries. The *Bristolian* is still at Rainier and receiving cargo for Liverpool. The bark *Almatia* is delivering cargo at Flauder's wharf. The *Garibaldi* is in a forward state of preparation for her voyage to China. The British bark *Alice Graham* is preparing to unload at the dock below the Boneyard.

ACCIDENT AT KALAMA.—A distressing accident occurred on Sunday, at Kalama, to a man named Smithson, a carpenter. He attempted to couple some cars, as an accommodation to the engine driver, but in doing so got his left hand between the butting heads. They came together crushing his hand in a shocking manner. The flesh was torn from the bones and muscles, leaving them bare and separated, but, strange to say, none of the bones were broken. The wound was one of the most painful nature, but it is thought the hand can be saved, though, of course, in a crippled condition.

VERY BIG.—A paper published at Salinas, California, a place about as large as Kalama, refers to Chicago as "our *sister city* in ruins!" Now let Kalama try.

U. S. DISTRICT COURT—DEADY, JUDGE.—Yesterday, in the matter of J. B. Haley in bankruptcy, the cause was dismissed by agreement.

A WORD TO THE WISE IS SUFFICIENT.—Be it known to the People of Portland and the surrounding country, that at the extensive clothing establishment of Kohn & Flatel, 61 Front street, they are selling now and stylish suits for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will come away satisfied.

Sinking Fast.
Pale, miserable, discouraged, without relish for food, without energy enough for exertion, yet with no acute pain, or other specific indication of disease, how often do we see fe...le invalids fading as it were out of life without any apparent cause. We say of them that they are "sinking fast," or "sinking gradually," as the case may be. But there is no good reason why they should sink at all. Persons in the dead-alive state simply want invigorating and vitalizing. Nature, in a state of torpor, demands help; Bring out the reserve of vitality in the system, brace the nerves, tone the stomach, break up the morbid trance of body and mind with a course of Hostetter's Stomach Bitters. It can be done. It has been done in thousands of instances. The effect upon the enervated frame is electric. Never give up, however languid and broken down. Remember that for the exhausted, the debilitated, the desponding, this powerful vegetable restorative is a genuine elixir. It is not a mere stimulant that provokes a transient flush of vigor in the system, and then leaves it in a more depressed condition than before. It removes the causes of debility by altering the secretions, and regulating the action of the internal organs, as well as re-enforcing them. It is a particularly valuable medicine at this season, because it is an antidote to the malaria which produces intermittent fever, bilious colic and other disorders of the bowels prevalent in the fall.

NEW YORK
LIFE INSURANCE COMPANY!
PURELY MUTUAL!
ASSETS.....$17,000,000!
ISSUED 9,925 POLICIES IN 1870.
Insuring Over $27,000,000!
WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.
AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are—
1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of Insurance is returned to the policy holders who are the only members.
2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.
3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.
4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for allowance so favorable to the insured.
5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.
6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately* or cash in payment of premiums. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.
7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.
8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLY claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY.....100,000.
NUMBER OF POLICIES ISSUED IN 1870.....11,317.
THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND!
IN INCOME, IN ASSETS, IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, IN SOUNDNESS, CHEAPNESS, PROMPTNESS AND SUCCESS.
THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED, DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME when such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.
The *New York Insurance Monitor* says of the Ætna Life:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."
The *New York Independent* says of the Ætna Life:—"It is to-day one of the *soundest* and most *reliable* Insurance Companies in the United States—every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

AN AUTHENTIC REPORT BY THE RELIEF COMMITTEE.—UNPARALLELED DEVASTATION.—FRIGHTFUL SCENES AND INCIDENTS.—TERRIBLE LOSS OF LIFE.—THE DESTITUTION BY FIRE TOO.

[From the Milwaukee Sentinel, Oct. 18.]

PESHTIGO, Wis., October 14.

Dr. S. L. Fuller, President Y. M. C. A., Milwaukee—Dear Sir—In accordance with the instruction received from the Association, your Committee of Relief, accompanied by S. J. Thompson, of Milwaukee, with a quantity of supplies, reached Green Bay late on the evening of the 11th instant. We found that the Relief Committee at this point had discontinued their labors for the day, and that we could not ascertain that night definitely the condition of the country over which the fire had swept, but the impression given us was that all the immediate necessities of the destitute people had been supplied. We were much disappointed in not finding something for our hands to do immediately, and, not being satisfied with the reports given us, it was decided that Dr. Nichols, who was familiar with the location of Peshtigo, should immediately proceed there, and report upon the necessities of the people. The next morning Childs ascertained from Captain Hart, of the steamer *Northwest*, that the sufferers of the fire, lying between Peshtigo and Oconto were reaching the latter place in a deplorable condition, and that there was an urgent call and for immediate supplies of food and clothing at the point. Captain Hart kindly gave permission for the Committee to ship a large quantity of our supplies at once by his steamer, and Dr. Nichols and Childs proceed at once to Oconto upon their own responsibility. A portion of the supplies was left at Fayetteville, to be sent across the bay to Little Sturgeon Bay, from whence a city for aid had just come.

Proceeding next to Oconto, these gentlemen found that the [illegible]

SCENES OF SUFFERING AND DESOLATION

Have we [illegible] they had, however, with a hearty co-operation from Mayor Smith and Ogle, Pike, Goodrich, and many other citizens, who were already doing all in their power to relieve the suffering. The ladies, as usual, were busy, and had fourteen sewing machines constantly employed, furnishing 200 per day with clothing, some with whole, others with parts of suits.

Dr. Nichols, on his arrival at Peshtigo harbor, examined as rapidly as possible the situation there, there [illegible] village, seven miles up the [illegible] there crossed over to [illegible] away to the east, on the [illegible] river. Here the larger portion of the mill and town had been taken.

At Peshtigo Harbor were a considerable number of those who had fled from the village after the fire. Some [illegible]

WERE SEVERELY BURNED,

And all deplorably destitute.

At Peshtigo village there remained only a few engaged in searching for and burying the dead. At Marinette fifty of the sufferers were found in the Dunlap House, which had been converted temporarily into a Hospital. Many were dreadfully burned, among the number of the citizens. These were attentively cared for by Drs. Jones and Brynes, [illegible] assisted by a corps of [illegible] physicians from different parts of the State, who had come up to render assistance in the emergency. The Relief Committee [illegible] were active and efficient, and with the concerted action of all parties [illegible] being done that was possible [illegible] and distribution of the sufferers.

About fifteen per cent. of those injured are so badly burned [illegible]

[illegible] FOR THEM TO RECOVER.

The others will be able to return to business [illegible] a month or less. The burns occur most frequently upon their feet, hands and face, and nearly all suffer from the inhalation of hot sand and cinders, and from the usual pulmonary complications of burns.

The fire which destroyed Peshtigo occurred on the evening of the [illegible] and history has never [illegible] of its terrible destructiveness. Shortly after the church-going people had returned from the evening service, an ominous sound was heard like the distant roar of the sea, or of a coming storm. This increased in intensity [illegible] soon the inhabitants became alarmed and apprehensive of coming danger.

MANNER OF FIRE BEING SEEN WERE TO FALL

Like meteors in different parts of the town, igniting whatever they came in contact with. By this time the whole population were [illegible] and excited, and caught [illegible] and what valuables they could [illegible] and began to flee for a place of safety. Now a bright light appeared in the southwest horizon, gradually increasing till the heavens were aglow with light. But a few moments elapse after this before the

HORRIBLE TORNADO OF FIRE

came upon the people, and enveloped them in flame, smoke, burning sand and cinders. Those who had not now reached the river or some other place of safety were suffocated and burned [illegible] they could advance a half dozen steps farther. God only knows the horror and terrible suffering of the whole town of Peshtigo on that memorable Sunday night. It seemed as if the love of God had been withdrawn from the place, and the fury fiends of hell had been loosened to wantonly vex and torment the people.

NO TONGUE CAN TELL, NO PEN CAN DESCRIBE,

No brush can depict, the realities of that night. Exaggeration would be utterly impossible. It defies human ingenuity. It was the destruction of Sodom renewed. It was as if the wickedness of the place had mocked God until His fiery thunderbolts were [illegible] for destruction. But now he who [illegible] in sin was first to call upon his Maker for succor.

The character of this fire was unlike any we have ever seen described before. It was a flame fanned by a hurricane, and accompanied with various electrical phenomena. Those that survived the terrible ordeal testify that

THEY RECEIVED ELECTRICAL SHOCKS

While they saw electrical flames flash in the air and dance over the surface of the earth around them. But the fury of the flash was [illegible] many, though the fire continued to burn more or less fiercely during the whole night.

The full effects of the storm were not apparent until daylight returned, and the survivors could come forth from their retreats. A number [illegible] were saved by [illegible] and [illegible] were saved. A family of persons saved themselves by jumping into a shallow well. Another family of [illegible] were [illegible]

By a like [illegible] lumber threw themselves into the mill pond and sustained themselves by clinging to the boom and floating logs, the sprinkling continually wetting the head to prevent it from roasting.

We saw many children, some only one [illegible] which had been kept in the water the whole night, and yet survived. Some who were too ill to walk were taken from the water [illegible] and thrown into the water.

Many were drowned, some by being trampled upon or thrown off from their logs by the cattle and horses that, maddened by the fire, ran [illegible] into the water.

[illegible]

Eleven were lost out of one family. Some of the bodies were so thoroughly burned and consumed that they could be scooped up and held in the double hands. But the details [illegible] are too [illegible] to relate.

The tornado came from the southwest, and swept over a tract of country eight or ten miles in width and of indefinite length. The [illegible] in its course was followed by the wind and burned by the fire, and every vestige of fence and building was swept away, with two or three exceptions. Sometimes the wind struck the earth with such force that the small undergrowth was torn up and kept in windrows, while at other times it would skip away from the earth. The whole population of Peshtigo village and of the farming lands in its vicinity was 2,000, and

FULLY ONE-HALF OF THOSE PERISHED

On that fearful night. On the east shore of the bay reports place the loss of life fully as high as at Peshtigo, making the entire loss of life reach the fearfully large amount of 1,200.

The immediate wants of the survivors are nearly supplied, but no inconsiderable amount will be required to enable them to live through the winter. The proclamation of Governor Fairchild, of the 14th states truthfully the demands these persons have upon us, and is meeting with a hearty response from every part of the State. Let the good go on, for if ever there was a case for sympathy, surely this is one. The people have been

LITERALLY STRIPPED OF EVERYTHING.

Not a vestige of house or fences, or anything of a combustible nature, remains. A more desolate spectacle than the present site of what was once the pleasant village of Peshtigo cannot be imagined or described.

[illegible] NICHOLS, M. D.,

[From the Oconto Lumberman Extra, October 12.

THE INDESCRIBABLE SCENES.

There is little heart to write tales of these sad and fearful times. Eye witnesses cannot describe them by word. The pen can only give outlines, and hardly even that, of the woe, the weeping, the wailing, the homes ruined, the lives lost! Early Wednesday morning every available horse and wagon was brought into requisition for the purpose of reaching the sufferers in the different settlements within the range of the tornado of Sunday night's fire.

Too much credit cannot be given to the citizens of Oconto for the active sympathy displayed upon the occasion. The different supply trains reached their destination during the afternoon. Parties of men with axes were employed in advance of teams to clear away the fallen trees and render the roads passable. The bridges, culverts, etc., were burned, and much time was taken up in actually building a way through. We say

WE CANNOT DESCRIBE THE SCENES;

We cannot. Infants clasped in mothers' arms; fathers, brothers, sisters, stiff in their last embrace; actual lines of dead from the once happy farm-house to the adjoining creek; charred, grotesque, blackened corpses, crumbling bones, incinerated and torn members; the shrieking baby-hood a few hours past, the decrepit of the old, in one horrid heap of death; is all that is left of the country travelled over.

THE ROADSIDES ARE STREWN WITH DEAD HORSES,

Oxen, cows, swine and fowl. Even the untamed of the [illegible] flew towards civilization for relief, but only to find death in their flight.

Deer, bears, rabbits, were discovered in profusion burned to a crisp. And all this within a few miles of our city. From the few left to tell the tale, there can be yet little obtained in their half crazed situation. We ourselves saw the father, consign to their last resting place all that was left of a family of six. We cared little about questioning, and he seemed to care as little about speaking. Having given him a few morsels of bread for present subsistence, we passed on, and saw the babe in its mother's arms, the boy and girl in nakedness, the young woman the mother, the father,

AND FOUND DEAD IN THE ROAD.

And his knife lying alongside him. He must have been crazed by tortures, or preferred immediate death to lingering agony. Hundreds of such cases could we cite, but to what use? Let us take, if possible, into the mind's eye a track of desolation, suffering death, poverty, want, and loneliness, ruined homes, buried corpses—perhaps happier than the living—and may the always wise Providence have mercy upon their souls!

It is the duty of us who are yet safe, to lay with everything in our possession to the aid of our fellow beings. A moment should not be lost and no one should want to be called upon. The smallest shred will cover its size of nakedness; the smallest morsel will, for a time, support life! It will be easy to deposit anywhere what we have to give. Anything left at our office will be reported to those charitable ladies and gentlemen who are so actively interesting themselves in this noble work of kindness.

FINANCE AND COMMERCE.

TUESDAY EVENING, Oct. 31, 1871.

Gold in New York, 111¾.

Portland quotations of Legal Tenders, 88½@ buying; 89½@ selling.

The Hittle's bark *Alice Graham* arrived Saturday night with a cargo of 645 tons railroad material.

The bark *H. W. Almy* left here to-day with 350 tons Wheat for San Francisco, for Corbitt & Mackey. She will take 150 tons Salmon from the Columbia fisheries.

The same firm has effected to-day a charter of the bark *Almatta* to load with Wheat for San Francisco. Her cargo has been engaged, fully.

Messrs. Howell, Flowerdew & Co. inform us that the *Fleetwing*, heretofore reported up for this port to take cargo of Wheat, has been withdrawn.

The telegraphic report, published yesterday morning, of an advance in the price of Wheat at Liverpool, from 13s 2d to 13s 6d@13s 10d is confirmed to-day by private dispatches. No cause is, however, assigned for the advance, and none is conjectured. The news has little effect on this market, and we hear of no unusual movement. The opinion is expressed by well informed parties that the bulk of the last crop has already passed out of the hands of the growers or is under contract to millers and speculators, and that now on the market as sellers; hence news of an advance does not create that general interest and excitement which would follow were there large quantities obtainable from first hands.

Merchandise Report.

WHEAT—Private dispatches represent the Liverpool market as at 13s 10d—one of the most marked changes in price since the opening of the harvest year. Dealers express the opinion that the quotation will not be maintained, and hence they are not disposed to advance rates materially here.

NAILS—Advices are to the effect that San Francisco rates here been advanced 25@ keg, in consequence probably of the 10c ₰ keg advance by Eastern dealers.

COAL—Quotations an entirety of 2@ ₰ lower rates heretofore prevailing.

COAL—Owing to scarcity of Pacific Coast bound tonnage, freights have been advanced to $22@24 ₰ ton. The San Francisco market is firm at $22, and Portland dealers have advanced the price to $40.

Markets.

SAN FRANCISCO, Oct. 31.—Flour—Sale 600 bbls inferior brand, $5 25@ superfine, $6 75@7 extra, $7 75@8.

PROPOSALS.

TO IRON MANUFACTURERS.

Proposals for the Metal Work of a First Order Light-House to be Erected at Cape Foulweather, Oregon.

OFFICE OF LIGHT-HOUSE ENGINEER, 13TH DISTRICT, PORTLAND, OREGON, October 24, 1871.

SEALED PROPOSALS, INDORSED "Proposals for Metal Work for Cape Foulweather Light-House," will be received at this office and at the office of Col. R. S. Williamson, 500 Kearny street, San Francisco, until 12 o'clock of Wednesday November 29, 1871, from manufacturers only, for furnishing the materials and labor of all kinds necessary for the completion of the METAL WORK of a first order Light-House for Cape Foulweather, Oregon, in accordance with the specifications and drawings.

The same to be delivered at the expense of the contractor, on board of a sea going vessel or vessels, at San Francisco or Portland.

The Light-House Establishment will provide all the wrought iron floor beams, the lantern, the lens, the lamps and furniture belonging thereto, and their cost is not to be included in the amount of the bid.

The bid must state the time in United States legal tender notes for which the ENTIRE METAL WORK, as shown on the drawings, will be completed, fully erected at the work shop, then taken down after acceptance, and delivered as aforesaid; and should also state the day and date on which it shall be completed and delivered, under forfeit, as specified in the "Form of Bid."

The work will be carried on under the personal supervision of an agent of the Light-House Establishment, and all facilities must be afforded him for inspecting the material and workmanship. Such parts of either as are not in accordance with the drawings and specifications must, in case of rejection, be made good at the expense of the contractor.

The right is reserved to reject any proposal for any reasons deemed sufficient.

Each bid must be accompanied by a bond, signed by the bidder and two competent sureties, in the sum of five thousand dollars ($5,000); that, in the event of the acceptance of such bid, the necessary contract will be entered into within ten (10) days after notice is given that the bid has been accepted.

Bond and security in the sum of five thousand dollars ($5,000) signed by two competent bondsmen, for the faithful performance of the contract, will be required.

Plans, specifications, and forms of proposals may be obtained from the undersigned, or from Col. Williamson, on application, by mail or in person.

THURSDAY MORNING, NOV. 2, 1871.

CITY.

A DISHONEST PARTNER.—A man named Ball, ...ay arrest on the charge of embezzling $800 from his partner, we noticed a few days, since, will have an examination before Judge Denny this morning. The complainant, J. Epperly, alleges that he and Ball were partners in a butcher shop in this city and that defendant was entrusted with partnership funds to the amount of $800 for the purpose of purchasing cattle. The defendant in the utterance thereof left the city, and remained away for a much longer period than was necessary to have accomplished the mission with which he had been charged. The partner thinking that something was rotten, procured the necessary authority, and with the aid and assistance of ...rested the defaulting cattle speculator to Oakland, where he was arrested, and brought back to this city. The defendant claims that when he was arrested he was making arrangements to start back, and would have left the following morning had he not been taken into custody. This is the second case of this same character that has taken place within the past month. ...would appear that entrusting a partner with a large sum to purchase cattle is rather a dangerous and costly experiment.

FOREIGN ARRIVALS.—The steamship *Oriflamme* from San Francisco arrived in port last night at 11 o'clock, with the following passengers: H Morrill, G W Walden & wife, J J Henderson and wife, John Janks, G W Hobee, Mrs B A Humphrey, and two children, R M Wilcox and wife, F P Chambers, Dr S W Dannals, Mrs T Scott and two children, D H Gifford, L Coffin, A Coffin, Mrs E Dallas and child, Mrs Woolner and three children, Miss J Absten, Thos Allen and family, M D Wilson, W H Thomas, E A Hopkins, A Gattrigo, Max Vogle, S L King, C W Clark, John Hays, J S Lyman, W P Webster, L Hemmens, L Dannenberg, B Jacobs, Chas Esser, M V B Gardner, A J Logan, B G Bachelder, D L Waters, J Zimmerman, H Jackson, G W Home, T Morgan, Mrs Sero, Mrs S L Pollock, Mrs S E Kinny, Mrs R White, Dr S E Kinny, Dr Fray, W Gifford, Mrs Ellen Murphy, Miss L O'Brien, Mrs Howard and two children, Mrs Russell and child, H Steamaker, O M Vertru, wife and four children, D L Walker, George A Patterson, M S Nichols, H Morgan, Max Vogt, J H Garrigan, W H Thomas, M D Wilson, Z A Davis and wife, J H Tarsar, wife and two children; Chas Barnes and wife, and 17 in the steerage.

ADDITIONAL CONTRIBUTIONS.—The following additional contributions in aid of the sufferers of the late great fires have been received: Henry M. Beckett, Westport, $10 for the Chicago fund; Congregational Church, East Portland, $11 for the Wisconsin and Michigan fund; city of Corvallis, $108, do; Methodist Episcopal Church (collection October 22), $98 75 in coin, $2 in currency, do; William Brayton, $5, do. Following we give the names of contributors at Shedd's Station, Oregon: Oak for Michigan, Wisconsin and Minnesota: Shedd, $10; Jonas Davis, do, $10; W. T. Aram, Chicago, $2 50; Andrew Hale, discretion of Committee, $5; family of A. Hale, do; J. B. Robert, Michigan, Wisconsin and Minnesota, $5; Frank Shedd, discretion of Committee, $5; F. M. Ritchart, Michigan and Wisconsin, $5; D. P. Porter, discretion of Committee, $5; E. K. Morgan, Chicago, $5; J. P. Stone, do, $1; O. F. Savage, discretion of Committee, $2; W. M. Powers, Michigan and Wisconsin, $5.

CRUELTY TO ANIMALS.—The *Bulletin*, in view of the fact that on Tuesday a Chinaman who had ...ith rock and afterwards soaked it in coal oil and then set it on fire, suggests that a society for the prevention of cruelty to animals be organized in this city. We concur in the suggestion, and ... recommend that when the society is organized that it throw its protecting arms around the ... horses, who, coming here from the country, fall easy victims to the hands of the multitude of sharpers and strap-operators that infest this city. If there is any class of animals that want protection more than another, it is the unsophisticated gantry who afford the dead-falls and thieves an unending source of revenue. Let the ... invites be protected.

TRANSFER.—The property of the Portland Dancing and Hack Company was yesterday transferred to the Oregon Transfer Company. The price paid was, we understand, $45,000. The old company still retains the real estate, transferring only the ... property. The officers of the Oregon Transfer Company are as follows: Directors, W. ... Ball, J. C. Ellis, George V. James, George W. ...; President, W. L. Halsey; Vice President, George V. James; Secretary, E. F. Al... The management of the new company will continue the same as under the old, but few changes in the officers having been made.

NEW HOTELS.—Contracts for the erection of two hotels, one in this city and the other in East Portland, were let yesterday. The contract for the ... is to be located at the foot of Holladay ... Portland, was let to A. Goodnough. The building will be 40x80 feet, two stories high, and will be surmounted by a Mansard roof. The hotel to be erected in this city will be located on ... between F and G streets, and when ... will be one of the finest hotels on the Pacific coast. William Bradon is the contractor. The contract, exclusive of the foundation, is $... It is thought that the building will cost $20,000.

ST. HELENS BAR.—We learn that Major Robert of the U. S. Engineers, has represented to the Chief of Engineers at Washington the condition of the lower Columbia river and has asked for authority to make a survey of the bar at St. ..., with a view of ascertaining its nature and ... and making an estimate of the cost of ... As stated the other day, Major ... has already recommended the construction of a dredger by the Government, at a cost of $50,000, for use on the Columbia and Willamette rivers.

HOTEL KEEPERS IN TROUBLE.—Yesterday Chief of Police Lippens arrested six hotel keepers on the charge of keeping hotels without ... Gentlemen who have neglected to comply with the provisions of the city ordinances "in such cases made and provided" had better look to it or they, too, may be placed in the same position as those spoken of above. Don't attempt to get out of paying your license. It can't be done.

COUNTY ASSESSMENT.—The County Assessor has completed the assessment for the present year. The returns which are as follows, show a very flattering increase over those of last year: Value of land, $1,195,670; value of lots, 4,389,... personal property, $3,475,210; indebtedness, $1,449,075; total of assessment, $7,619,000. Increase over last year, $1,262,800. Amount of poll tax collected, $1,033.

THEATRICAL.—Recent advices throw considerable doubt as to whether Mr. Bates will assume the management of the Oro Fino Theater during the coming season. A responsible San Francisco ... is, we believe, negotiating for the theater, and in the event he is successful, we may look for one of the most brilliant theatrical seasons that has ever been witnessed in this city.

RUNAWAY HORSE.—Yesterday afternoon a boy named James Hanscom, ten years old, was severely bitten upon the side of the head by a vicious horse at the corner of Seventh and Oak ... The boy was taken home, and medical ... sent for. Upon an examination it was ... that's wound four inches in length and ... deep made.

ANDREWS ENTERPRISE.—We are informed that a company, with a capital of $500,000, having for its object the building of a bridge across the Willamette at this point, and also to purchase a tract of land on either side of the river, in soon to be incorporated under the general incorporation laws of this State.

FLOUR.—Several heavy shipments of flour from Union county have been received in this city within the last few days. The flour is spoken of as being of an excellent quality, and meets with a ready sale. How it pays to ship flour from Union county to this point, we cannot see.

LOUISA SIMPSON.—This schooner, after occupying the attention of the U. S. District Court, ... and on for a year or more, and having been ... seized forfeited for a violation of the United ... laws, is now advertised to be sold in San ... by the U. S. Marshal.

TEMPERANCE MEETING.—There will be public ... ing and a dinner at the Good Templar's Hall on the Columbia Slough to-day.

SALE POSTPONED.—Mr. Richard Ir...'s ... real estate, advertised for yester... y was postponed until next Saturday.

COMMON COUNCIL.

REGULAR MEETING, NOV. 1, 1871.

Present, His Honor Mayor Wasserman, and Councilmen Ellis, Burton, Combs, Caywood, Hill and Hallock.

Minutes of previous meeting read and approved.

PETITIONS.

A communication from Joseph Knott setting forth that the city had commenced suit against him for a portion of the Public Levee, and not having given him any notice, he was desirous to be informed what portion of his property the city desires to take away from him.

CLAIMS AGAINST THE CITY.

The following bills were allowed and ordered paid: G. W. Brady, work on hydrants, $7 50; Portland Gas Co., 84 lamps for the month of October, $466 50; Himes & Bachelder, printing, $16; T. Patterson & Co., advertising, $3; H. L. Pittock, advertising, $21 42; Emil, Lowenstein & Co., mirror for the Police Court room, $2 50; Emil, Lowenstein, & Co., repairing furniture, $15; J. H. Butler, cleaning Council Chamber and Police Court room, $25 30; H. W. Corbett, heating Council Chamber, $10; J. Robinson, lighting 85 coal oil lamps for the month of October, $297; J. H. Lappeus, boarding city prisoners for October, $21; Chas. Lawrence, guarding city prisoners, $75; killing dogs, $100; Wm. H. Watkins, reducing a dislocated shoulder, $10; Surveyor and assistants, $478 50.

STREET WORK.

The following bills for street work were ordered paid: ...

William H. Batts, Washington street, $1,138; R. T. Gwynn, Washington street, $495 75; P. G. Baker, $85; A. Hamilton, Taylor street, $198 87; A. Hamilton, Pine street, $843 72.

REPORTS.

By unanimous consent Mr. Hill presented the following:

Your Committee on Judiciary to whom was referred the report of the Auditor relative to the fees of the Police Judge in State cases, beg leave to report: That your committee have endeavored to ascertain what was the decision of the Supreme Court in the cause of the State vs Wiley; and that we are informed that no written opinion has been filed in that case. We, however, understand the opinion of the Court on that case to be, in effect, that those sections of the charter which restrict or limit the rights and powers of the Police Judge, as a Justice of the Peace, are void, and that the Police Judge is decided to be in all respects a Justice of the Peace. A member of your committee was present in the Supreme Court when the decision was announced, and understood the decision as above stated.

Your committee, therefore, are of the opinion that the Police Judge will be held to be entitled to retain the fees for his services in State cases. Adopted.

ORDINANCES.

An ordinance adopting the report of the City Surveyor in the matter of the extension of B street. Passed.

An ordinance to provide for the improvement of a portion of the Public Levee. Defeated.

RESOLUTIONS.

That notice be given that the Council propose to establish the grades of certain streets. Adopted.

PARK BLOCKS.

Mr. Hill from the Committee on Streets and Public Property introduced the following resolution:

WHEREAS, The Common Council is in possession of information that the row of blocks commonly called the Park Row, extending from the Willamette river north of the city to the south line of S. Goff's "land claim," including the land in range with said Park Row on the tract known as the Raleigh tract can be purchased by the city for the sum of about $150,000; and, whereas, it is deemed by many of the tax-payers of the city to be desirable to purchase said row for the use of the city as a Park; and whereas, such purchase would make it necessary to raise that amount of money in addition to the amount necessary to defray the ordinary expenses of the city government, therefore,

Resolved, That the Committee on Streets and Public Property be and are hereby directed to open polls on the 18th, 19th and 20th days of Dec., 1871, at Engine House No. 1, and to receive the votes of all persons who are tax-payers of the city as to whether or not such purchase shall be made; that the said committee are hereby authorized to employ a clerk for that purpose. That the Auditor shall, before the time of opening such polls, furnish to the committee an alphabetical list of the names of all the taxpayers of the city, as they shall appear on the assessment roll, to be returned on the 1st of December, 1871, which list shall be upon paper ruled with one column for the names, one column headed with the word "Yes," and one column headed with the word "No." That the votes of all persons voting in favor of such purchase shall be entered in the column headed "Yes," and those opposed to such purchase shall be entered in the column headed "No." The polls shall be kept constantly open from 9 o'clock A. M. to 6 o'clock P. M. on each of the days above designated, and on the day following the last day that such polls are kept open, the clerk shall return the said list with the votes recorded thereon to the Auditor, to be filed in his office.

The resolution, after considerable discussion, was adopted.

Adjourned.

AMUSEMENTS.

Bosco.—Our fellow townsman, Bosco, and one of the best magicians that has ever visited this coast, purposes, prior to a visit to the Eastern States, to give a couple of his unapproachable entertainments at the Ore Fino Theater on Friday and Saturday evenings next. The programme will consist of a number of new and astonishing feats never before performed in this city. That the houses will be crowded we have not the slightest doubt. Those who contemplate attending should make early application for seats.

SUIT COMMENCED.—The Directors of School District, No. 1 have commenced suit against J. F. McCoy and sureties to recover the amount delinquent by said McCoy as Clerk of the District.

DIVORCE SUITS.—The number of divorce suits now docketed for the next term of the Circuit Court figures up in the neighborhood of twenty-five. The feminine gender appear in a majority of the suits as plaintiffs. A bad state of affairs, truly.

LANDS WITHDRAWN.—The railroad company have withdrawn the lands on the line of the road from McMinnville to Astoria. The mortgages were recorded last week at Astoria and St. Helens.

A DEAD HAT.—Wm. Campbell was yesterday convicted in the Police Court on the charge of stealing a hat. In default of the payment of $25 William went to jail.

THE CIRCUIT COURT DOCKET.—The number of cases docketed for trial at the next term of the Circuit Court is as follows: Law, 94; equity, 129; criminal, 16.

RIVER NOTES.—The *Dixie Thompson* has resumed her place on the route between this city and Astoria. The *Okanagon* will hereafter be used as a tow boat.

FESTIVAL.—The ladies of the Hall Street M. E. Church will give a festival for the benefit of the church on Friday evening. Tickets, twenty-five cents.

BUSINESS NOTICES.

RE-OPENED.—It will be seen upon reference to our advertising columns that Messrs. Stolte & Myer have taken the store formerly occupied by J. A. Fisher, 111 Front street. In addition to their confectionary and bakery they have opened a coffee and oyster saloon. Mr. Stolte for the past five years has been connected with the establishment of Messrs. Allaky & Hogele, First street.

A WORD TO THE WISE IS SUFFICIENT.—Be it known to the People of Portland and the surrounding country, that at the extensive clothing establishment of Kohn & Wishof, 91 Front street, they are selling new and stylish suits for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will come away satisfied.

A Cough, Cold, or Sore Throat, requires immediate attention, as neglect oftentimes results in some incurable ... *Brown's Bronchial Troches* are a simple remedy, and will almost invariably give immediate relief.

Owing to the good reputation and popularity of the Troches, many *worthless* and *cheap imitations* are offered, which *disgust for nothing*. Be sure to obtain the *true "Brown's Bronchial Troches."* Sold everywhere.

Sinking Fast.

Pale, miserable, discouraged, without relish for food, without energy enough for exertion, yet with no acute pain, or other specific indication of disease, how often do we see for ...e invalids fading as it were out of life without any apparent cause. We say of them that they are, "sinking fast," or "sinking gradually," as the case may be. But there is no good reason why they should sink at all. Persons in this deplorable state simply want invigorating and vitalizing. Nature, in a state of torpor, demands help. Bring out the reserve of vitality in the system, brace the nerves, tone the stomach, break up the morbid trance of body and mind with a course of Hostetter's Stomach Bitters. It can be done. It has been done in thousands of instances. The first open the secreted trains is electric. Never give up, however languid and broken down. Remember that for the exhausted, the debilitated, the desponding, this powerful vegetable restorative is a genuine elixir. It is not a mere stimulant that provokes a transient flash of vigor in the system, and then leaves it in a more depressed condition than before. It removes the cause of debility by altering the secretions, and regulating the action of the internal organs, as well as re-enforcing them. It is a particularly valuable medicine at this season, because it is an antidote to the malaria which produces intermittent fever, bilious colic and other disorders of the bowels prevalent in the fall.

NEW YORK

LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS ..... $17 000,000!

ISSUED 9,025 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.

3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.

7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that *corporate* where policies, although apparently valid claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY 100,000

NUMBER OF POLICIES ISSUED IN 1870 12,317

THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND!

IN INCOME, IN ASSETS, IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, IN SOUNDNESS, CHEAPNESS, PROMPTNESS AND SUCCESS.

THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED, DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME when such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.

The *New York Insurance Monitor* says of the Ætna:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

The *New York Independent* says of the Ætna Life:—"It is to-day one of the *soundest* and *most reliable* Insurance Companies in the United States. Every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

FINANCE AND COMMERCE.

WEDNESDAY EVENING, Nov. 1, 1871.

Gold in New York, 112.

Portland quotations of Legal Tenders, 83c buying; 80½c selling.

The monthly collections, which take place mainly to-day, show an easier state of the money market than existed upon the first of last month. Then, all the funds available were in the interior, having been sent up for the purchase of Wheat; and collections of city bills were effected with difficulty, and in part, only after several days accommodations. During the month just closed, however, interior dealers have forwarded considerable coin remittances in payment of bills, entering the coin stringency very materially. It cannot be said, however, that bills are settled with all the promptness desirable. Creditors, knowing the causes of whatever stringency there may be, and that the large sums of money sent up the valley for purchase of produce, will inevitably find their way back to the city, are not disposed to press collections quite so urgently, and thus the comparative scarcity of coin is not oppressively felt.

We notice that, within the last few days, the sum of $7,000,000 collected at San Francisco for duties, has been remitted upon that market by drafts on New York. The relief thus afforded to that market will once by exact more or less favorably upon ours; and we may look for a reasonably easy [illegible] by the close of this month.

The following dispatch of yesterday, details the losses by the failures of John Sime & Co., bankers:

SAN FRANCISCO, Nov. 1.

J. S. S. Cavalier loses $25,000; Exempt Firemen's Fund, $7,000; Holmes & Co., $14,000; R. S. Veeder, $10,000; R. P. Keating, $14,000; H. H. Noble, $11,3000; and others over $2. The forces was the illness of the Prince King of William [illegible] fund which amounted to a large sum. There is no charge of fraud in the arrangement, but the failure is the result of [illegible] made many loans since the death of John Sime. It is believed the creditors will pay 75 cents on the dollar. The Sheriff is in possession of the bank. Holmes was one of the jurors in the case of Quinn vs. Mayberry, which was on trial in the United States District Court, and on hearing of the failure Judge Morrison excused him, and the trial went on with but 11 jurors.

The imports at this port for the month of October may be thus stated:

Articles, the product of the U. S. brought back	$1,909
Horses and Mules	590
Rags of Cotton or Linen	132
Total free of duty	$2,711
IMPORTS SUBJECT TO DUTY.	
Rice	12,966 lbs	$400
Coal	1221 tons	840
Whale and Fish Oil	2,670 gals	930
Spirits and Cordials, in bottles	50 doz	238
Other articles not enumerated		709
Total subject to duty		$3,377
Total declared value of import entries		$6,088

IMPORTS IN BOND.

The following imports were taken in bond to other districts or entry at San Francisco:

		Value.
Tin	81,997	$71,228 00
Cigars	15,000	1,200 00
Bar Iron	99,102 lbs	1,949 20
Band, Hoop and Scroll Iron	34,919 lbs	855 00
Hemp	11,307 lbs	867 00
Wheat Bags	47,000	8,890 00
Total value		$87,079 20

The local market for produce shows no noteworthy change. Flour remains as heretofore quoted, and inactive. Yesterday, we stated that the general prevailing [illegible] of a rise in the Liverpool Wheat market was confirmed by a private telegram. This belief now comes from San Francisco. A firm doing a large [illegible] on here, [illegible] Francisco correspondent at 1 o'clock, and received his [illegible] the latest dispatch from Liverpool quoted Wheat 12s 2d@12s 3d. This is probably nearer the exact state of the market than was [illegible] by the last dispatch. At all events, buyers are not at all excited by the news, nor disposed to advance their offers. The demand for Wheat at San Francisco [illegible] from the millers, and the market is reported quiet. During the ten days ending Nov. 26, the receipts [illegible] Oregon were reported above 91,000 centals.

The Stock of the Portland Dray & Truck Co. was transferred to the "Oregon Transfer Co." of which Mr. W. L. Halsey is President. The consideration, as we are informed, was $45,000.

The San Francisco *Call* has a lengthy article on the affairs of the [illegible] Companies, from which we condense these figures which it declares are reliable. The Union Insurance Company stands as follows:

Gross assets Sept. 30	$1,654,230 99
Deduct liabilities, including fund for reinsurance of outstanding risks	277,155 07
Net assets, Oct. 1	$ 827,134 32
Deduct Chicago loss, &c.	450,750 00
Leaving net surplus of	$ 393,384 32

The Company will continue business and also its Chicago agency.

The situation of the Pacific Insurance Company is thus shown:

Gross assets Sept. 30	$1,806,174 07
Deduct liabilities, including fund for reinsurance outstanding risks	693,722 76
Net assets, Oct. 1	$1,112,451 31
C. & H. losses	1,200,000 00
Leaving a deficiency of	$ 87,548 69

The Company has already levied of $750,000, which when paid, will make a net capital fund of $662,900. This will be [illegible] being rapidly collected.

The condition of the Occidental Insurance Company is thus stated:

Gross assets, Sept. 30	$478,012 80
Deduct liabilities, including fund for reinsurance, etc.	148,371 56
Net assets, Oct. 1	$329,641 24
Chicago losses, say	450,000 00
Leaving a deficit of	$120,000 00

The Firemen's Fund Insurance Company comes out of the trial by fire with a surplus of nearly $125,000, as is shown by the following (unofficial) statement:

Gross assets, Sept. 30	$709,620 07
Deduct liabilities, including fund for reinsurance	187,641 41
Net assets, Oct. 1	612,085 28
Chicago losses, say	489,000 00
Leaving net surplus of	$123,085 28

There is left but $277,000 to make up its capital, which can easily be raised.

The People's Insurance Company has been the most unfortunate, as per the following showing:

Gross assets, Sept. 30	$432,135 85
Deduct liabilities	141,063 45
Net assets, Oct. 1	291,072 50
Chicago losses, say	750,000 00
Leaving deficiency of	$458,927 50

The Company is awaiting the return of its President from Chicago before deciding what to do.

The Home Mutual suffered very lightly and the California not at all. The total aggregate losses of the San Francisco Companies combined amount to about, $3,500,000.

The Boston *Shipping List and Price Current* says that the tendency of Dry Goods in that market is toward an advance. Prints of all the leading mills—Manchester, Cocheco, Pacific, Hamilton, etc.—are ¼c higher and the best styles are all sold up close. The same authority says that a good demand and firm prices continue for Wool and that [illegible] are reduced. Higher prices are only a question of time.

44,000 [illegible] the last month, Oregon fleece Wool commanded at Boston 57½c; combing 55@56c; and clothing, 50@51c.

The New York *Daily Bulletin* notes sales of 9,000 Calfskins at 70c.

Merchandise Report.

NAILS—Dealers have received telegrams from Board of Trade, Portland, confirming the report of advance of 2c. per keg.

TOBACCO—Notwithstanding the advances in price and in freight charges, [illegible] dealers have resolved to not disturb quotations for a few days.

SALT—Owing to recent [illegible] which produce a [illegible] tone in the market. The advance reported on other days of 5@10c has been exaggerated.

FURS—A valuable cargo arrived at San Francisco on the 31st, from Ochotsk sea, including 100 Otter, 100 Fur Seal, 370 Fox and 40,000 Squirrel.

Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, Nov. 1.

FLOUR—The China steamer Golden Gate says, The *Intrepid*, loading for Hong Kong, is the only vessel at present on the berth. Nominal rates for lumber cargo, $7 75@8.

WHEAT—Most of our local millers yesterday purchased a lot of 60 tons choice at $2 70@2 75, [illegible] the range of the engagement to load, one of which has been about completed [illegible] and the others commenced this morning. Rates [illegible].

Barley—There is said to be more inquiry, though the [illegible] do not bear this fact—no activity. The range is very wide, say $1 20@1 50 for very dark coast to gilt-edged brewing.

Oats—The heavy receipts have depressed prices, giving [illegible] a wide [illegible] say $1 60@1 80.

Potatoes—The arrivals by the steamer have been glutted [illegible] inferior [illegible] to [illegible] anything above feed rates, say 40@50c for good to choice qualities of red, 60@ [illegible] Sweet, $1@1 12½.

Onions—Selling [illegible] the heavy [illegible] for the [illegible] choice have sold at 80c; other kinds, 50@70c.

Daily Receipts of Produce.

Per O. & C. R. R., Oct. 31.—16 cars wheat, 1 F & Co; 2 cars wheat, O R C & Co; 1 car flour, Kinney & Rusk; 1 car flour, J McC & Co. Other minor articles of produce.

TO IRON MANUFACTURERS.

Proposals for the Metal Work of a First Order Light-House to be Erected at Cape Foulweather, Oregon.

OFFICE OF LIGHT-HOUSE ENGINEER, 15TH DISTRICT, Portland, Oregon, October 24, 1871.

SEALED PROPOSALS, ENDORSED "Proposals for Metal Work for Cape Foulweather Light-House," will be received at this office and at the office of Col. E. S. Williamson, 509 Kearny street, San Francisco, until 12 o'clock M. on Wednesday, November 29, 1871, from iron manufacturers only, for furnishing the materials and labor of all kinds necessary for the completion of the METAL WORK of a first order Light-House, Foulweather, Oregon, in accordance with the specifications and drawings.

The same to be delivered at the expense of the contractor, on board of a sea going vessel or vessels, at San Francisco or Portland.

The Light-House Establishment will provide all the wrought iron floor beams, the lantern, the lens, the lamps and furniture belonging thereto, and their cost is not to be included in the amount of the bid.

The bid should state the sum in United States legal tender notes for which the ENTIRE METAL WORK, as shown on the drawings, will be completed, fully erected at the workshops, then taken down after acceptance, and delivered as aforesaid; and should also state the day and date on which it shall be so completed and delivered under forfeit, as specified in the "Form of Bid."

The work will be carried on under the personal supervision of an agent of the Light-House Establishment, and all facilities must be afforded him for inspecting the material and workmanship. Such parts of either as are not in accordance with the drawings and specifications must, in case of rejection, be made good at the expense of the contractor.

The right is reserved to reject any proposal for any reasons deemed sufficient.

Each bid must be accompanied by a bond, signed by the bidder and two competent sureties, in the sum of five thousand dollars ($5,000); that, in the event of the acceptance of such bid, the necessary contract will be entered into within ten (10) days after notice is given that the bid has been accepted.

Bond and security in the sum of five thousand dollars ($5,000) signed by two competent bondsmen, for the faithful performance of the contract, will be required.

Plans, specifications, and forms of proposals may be obtained from the undersigned, or from Col. Williamson, on application, by mail or in person.

CITY ADVERTISEMENTS.

Ordinance No. 1106.

AN ORDINANCE DEFINING THE DUTIES AND fixing the compensation of the Street Commissioner.

The City of Portland does ordain as follows:

Section 1. The Street Commissioner shall have the general supervision of all streets, roads, sidewalks, pavements, and public grounds in the city of Portland, and shall report from time to time to the Common Council such alterations, repairs, or improvements as may be necessary to the public grounds, or the streets in front of public property, together with the best manner of doing the same.

Section 2. It shall be the duty of the Street Commissioner to superintend the grading, planking and repairing of all streets, alleys, and sidewalks, and all other public improvements of the city, which have been, or may hereafter be ordinance be placed in his charge, or under his supervision.

Section 3. It shall be the duty of the Street Commissioner to remove all obstructions from the streets, alleys, sidewalks, and public grounds of the city, except as otherwise provided by ordinance.

Section 4. It shall be the duty of the Street Commissioner to cause the removal of all nuisance from the streets, alleys, and public grounds, within the limit of the city, and the necessary expenses of such removal shall be paid out of the City Treasury, when no person or persons causing or permitting such nuisance cannot be found.

Section 5. The Street Commissioner shall perform such other duties as are or may hereafter be required of him by any ordinance or resolution of the Common Council concerning the streets, sidewalks, and public grounds of the city.

Section 6. It shall further be his duty to see that all ordinances relating to streets are strictly enforced, and to make complaint before the Police Judge of all violations of such ordinances.

Section 7. In all cases where a conviction shall be had before the Police Judge upon complaint of the Street Commissioner, for a violation of any ordinance relating to streets, the Street Commissioner shall receive, as compensation for his trouble, the sum of five (5) dollars, to be taxed as costs against the offender, but in no event shall the city be holden for the same.

Section 8. The Street Commissioner shall receive for his services a yearly salary of fifteen hundred dollars, payable monthly.

Section 9. Ordinance No. 224, entitled "An Ordinance defining the duties and fixing the compensation of the Street Commissioner," and the ordinances amendatory thereto, are hereby repealed.
